The Federal Tax Relief Act of 1997 may provide an opportunity for tax savings through the Hope Scholarship and Lifetime Learning Tax Credit. The Hope Scholarship has a maximum tax credit which is available for students in either the first or second year of post-secondary education when the tax year begins. The student must be enrolled at least half-time and only qualified expenses incurred are eligible. The Lifetime Learning Credit is calculated on a per-family, rather than a per-student basis and has a maximum credit per year for each qualifying family.

The 1098T form is available at the latter part of January.

Students can either opt to receive a paper copy mailed to their permanent address or a paperless copy.
