

Research in Nursing

COURSE: Nursing 451

COURSE CREDIT: 3 semester hours

PRE-REQUISITE: Prerequisites Math 210, Nursing 401, 406, & 431
or Instructor's approval

COURSE DESCRIPTION:

Research in Nursing – 451, introduces methodology of investigation, including evaluation of existing and on-going research studies in nursing and health care. Nursing 451 is both a writing and speaking intensive course.

COURSE OBJECTIVES:

Upon completion of this course, the student should be able to:

1. Demonstrate synthesis of theoretical and empirical knowledge in developing nursing research.
2. Practice the scope of professional nursing with its research role as influenced by the historical, ethical, technological, and legal aspects of nursing's current and evolving practice.
3. Initiate scientific and creative methods of problem solving to explore, evaluate, and select solutions to challenging research situations.
