U.S. Small Business Administration
Your Small Business Resource
TENNESSEE SMALL BUSINESS DEVELOPMENT CENTERS

The TSBDC is funded in part through a cooperative agreement with the U.S. Small Business Administration. Additional funding is provided by the Tennessee Board of Regents and the State of Tennessee. All SBA funded programs are extended to the public on a nondiscriminatory basis. Reasonable accommodations for persons with disabilities will be made if requested at least two weeks in advance. Contact TSBDC, office at 731-587-7333 to make arrangements.
The Regional Entrepreneurship and Economic Development (REED) Center serves existing and prospective entrepreneurs and supports economic development in rural northwest Tennessee.

The Tennessee Small Business Development Center (TSBDC) meets the needs of business owners through one-on-one consultations and interactive training programs. We provide information to prospective entrepreneurs and existing small business owners needing individual consultation, group training services and associated technical resources. The REED Center offers seminars, training sessions and other services supporting entrepreneurship and regional economic development.

Consultation services are FREE, and training programs are free or low cost. For dates and times, call (731) 587-7333 or go to www.tsbdc.org.

Seminars & Training Sessions*

Small Business 101: How to Start a Small Business
This two-hour seminar is geared toward those individuals who are thinking about starting a small business. It is also appropriate for new and existing small business owners and operators who want to know more about the basics of small-business management. Topics include: licensing requirements, business planning, legal business structures and obtaining financing. A short question and answer period follows the seminar.

Using Social Media to Market Your Business
Social networking is great for connecting people together. And social networking can also allow your business to connect to new and existing customers. Learn how tools like Facebook, Twitter, live chat, Yammer, and more, can help you market your business and connect with customers and employees.

E-Commerce and Your Business: How to Sell Your Stuff Online
This seminar will show businesses and individuals the many different options they have to sell their products online. Examples will be shown and step-by-step instructions will be given.

The Plan: Business Plan Basics for the Entrepreneur
Business planning is an essential step in starting a business. This two-hour seminar covers the parts of a business plan, how to get your ideas organized and on paper, key make-it or break-it points for success, common mistakes, and much more.

Utilizing the Small Business Administration for Business Success
This program provides information on SBA loans and financing opportunities available through the U.S. Small Business Administration.

Managing Your Business Finances
Getting control of your business finances is critical to your business’ success. Learn about the different options available to you to manage your business finances … from accounting to inventory control, to balance sheets and more.

Starting a Home-Based Business
Running a business out of your home has its advantages as well as its challenges. This session is designed to share information with those attendees who are interested in developing a small, home-based business.

Marketing Your Small Business: The Dynamics of Marketing Your Business
This highly informative program focuses on distinct issues that will affect how you will market your business. Attendees will establish a foundation for building a more comprehensive marketing plan.

Tax Issues and Your Small Business
Be ready to face the changes and challenges of the tax season. Learn about the forms, filing regulations and record-keeping requirements for small business. Explore the pitfalls and secret tips of filing your small business tax returns.

Government Contracting
Experts will provide you with the fundamentals of government contracting for small business in this high energy, information-packed seminar. Learn the skills you need to compete for government contracts, explore small-business and minority selection standards and move your small business into competition for those valuable government contracts.

Time Management: Time Wasted is Costing You $$$
Time is an asset that is often neglected. This seminar focuses on how you and your employees can make the most of your business’ time.

Customer Service: It’s All About the Guest in Your Business
The customer is your priority for success. This seminar focuses on how you and your employees can implement the do’s and don’ts for customer service.

One-on-One Consultation & Group Counseling for Small Businesses
One-on-one and group consulting sessions can be scheduled with the REED Center to focus on specific business issues that impact your venture.

*Other seminars are offered as needed. For a complete list of scheduled seminars go to www.tsbdc.org.
