When Neil Allen’s nephew, Josiah, was diagnosed with brain cancer at six months old and admitted to St. Jude Children’s Research Hospital, Allen immediately signed up to participate in the St. Jude Half Marathon. In 2011, he single-handedly raised $9,450 for the hospital and hopes to exceed that amount in 2012. “I’m trying to pay St. Jude back. My main goal is to get a dollar from every person I talk to about St. Jude. Everyone has an extra dollar lying around. That’s less than one cup of coffee,” he says. “It’s a chain reaction for change. Small sacrifices can make big differences.”

When you choose to live on campus, you’re choosing more than just living quarters. The university’s residential experience is a close-knit community, with accessibility to class, technology, campus events and dining facilities.

First-year students must live on campus unless commuting from the home of parents or legal guardians within a 50-mile radius, so we make sure that campus living is a positive experience.

UT Martin provides a staff of resident directors and advisers whose purpose is to attend to the needs of student residents. Campus health services, the Student Recreation Center, food services, the bookstore, swimming pool, library, computer labs, gymnasiums and recreational facilities are within walking distance. Hall associations plan and organize intramurals, social activities, lectures, discussions and hall and campus competitions.

UT Martin is located in a college community and is among the safest public four-year institutions in Tennessee. The Department of Public Safety patrols the campus 24 hours a day, 365 days a year.

UT Martin offers an emergency text messaging system. Residence halls offer I.D. card access, security cameras and resident assistants.

Buildings and walkways are well-lit with emergency phones located around campus.

UT Martin has upgraded its lighting system to provide a brighter, safer campus.

Volunteer Community Hospital is located adjacent to the campus.

Air Evac Lifeteam bases an aeromedical helicopter team near the Martin campus.
333 yards to the center of campus: a comfortable 4.25-minute walk.
