I want to work with exotic animals
Lauren Briggs, a senior in the Animal Science concentration and Veterinary Health Technology (VHT) Option at the University of Tennessee at Martin, landed an internship with the Memphis Zoo in the summer of 2010 and another with Sea World in the summer of 2012. She attributes her success in gaining the internships to her GPA and hands-on experience working with animals at UT Martin.

When Neil Allen’s nephew, Josiah, was diagnosed with brain cancer at six months old and admitted to St. Jude Children’s Research Hospital, Allen immediately signed up to participate in the St. Jude Half Marathon. In 2011, he single-handedly raised $9,450 for the hospital and hopes to exceed that amount in 2012. “I’m trying to pay St. Jude back. My main goal is to get a dollar from every person I talk to about St. Jude. Everyone has an extra dollar lying around. That’s less than one cup of coffee,” he says. “It’s a chain reaction for change. Small sacrifices can make big differences.”

I want to be an astronaut.

A lot of kids say they want to be astronauts when they grow up. However, most eventually change their minds. Matthew Fitzgerald, a senior engineering major, is not most. In 2011, Fitzgerald was the first choice for a summer internship with the National Aeronautics and Space Administration (NASA) in Huntsville, Ala. He attributes his success to his close relationships with UT Martin engineering professors and a resulting edge on engineering knowledge.

Matthew Fitzgerald, Martin, Tenn. Engineering

UT Martin students designed a residential photovoltaic solar energy system operating under the TVA Green Switch program.

100% of UT Martin engineering graduates have passed the national Fundamentals of Engineering Exam required for licensure.

Engineering students have designed more than 20 mobile applications now available for Android and Apple products.

The UT Martin Student Members of the American Chemical Society chapter leads the nation for the number of outstanding ratings and Green Chapter designations.

The biology department offers unique summer field courses and research opportunities through affiliations with the Gulf Coast Research Laboratory in Ocean Springs, Miss., and UT Martin’s Reelfoot Lake Environmental Field Station.

**Travel Study**

In today’s global environment, study abroad can give you an advantage when it comes to future employment or graduate school. UT Martin offers an extensive list of destinations, programs (ranging from 1-2 weeks to an entire semester abroad) and international internships.

Recent international destinations include:
- Australia
- Austria
- Brazil
- Canada
- Czech Republic
- England
- France
- Germany
- Greece
- Italy
- Ireland
- Japan
- Mexico
- Morocco
- Norway
- Poland
- South Korea
- Spain
- Switzerland
- Taiwan

UT Martin faculty and staff take students on approximately 15 travel-study trips each year. In 2011-12, more than $55,000 in SGA awards and scholarships helped 174 students pay for travel study. Programs can be paid for in installments, and professors and staff can help you find additional scholarships. Private funds helped 47 students with more than $18,000 in the 2011-12 year.

UT Martin maintains partnerships with 11 universities in Canada, Japan, France, Germany, England and Spain, among other countries. Internship placements abroad can be arranged through our partner universities.

The Center for International Education coordinates all travel-study and study-abroad programs for convenient one-stop planning.

**Service Learning**

At UT Martin, community service projects offer a variety of experiences for students. A community garden, recycling efforts, fundraising and awareness for a diversity of causes, tutoring K-12 children, working at local animal shelters, food drives, and design and marketing services for the community are among the projects that have engaged UT Martin students.

As a result of the campus culture of engagement, UT Martin was named to the 2012 President’s Higher Education Community Service Honor Roll for the third consecutive year. The university also received a Community Engagement classification in 2010 from the Carnegie Foundation.

5,760 students were involved in community and academic learning service, contributing a total of 40,355 volunteer hours.

UT Martin is one of only two universities in the United States that sponsors an annual Civil Rights Conference.

First-year students must live on campus unless commuting from the home of parents or legal guardians within a 50-mile radius, so we make sure campus living is a positive experience. UT Martin provides a staff of resident directors and advisers who attend to the needs of student residents. Hall associations plan and organize intramurals, social activities, lectures, discussions and hall and campus competitions.
