Leslie Dodd, a 2013 agriculture graduate with an animal science concentration, feels a strong connection with the Department of Agriculture, Geosciences, and Natural Resources. “UT Martin students pursuing an interest in agriculture will find unlimited possibilities for study and exploration. From the classroom lectures to the experiential learning opportunities, I’ve discovered how broad the field of agriculture is and learned that there is no limit to what I can do.”

Leslie Dodd, Brazil

Spring 2013
For the past 15 years, UT Martin finance students have managed an actual stock portfolio, now valued at more than $500,000, as part of the Tennessee Valley Authority’s 25-university Investment Challenge Program. UT Martin students, working under the instruction of experienced faculty, have been among the top long-term performers in the competition. As part of the Investment Challenge program at UT Martin, student portfolio managers have access to the Kelly Murray Investment Management Room equipped with state-of-the-art technology, including a professional trading platform and real-time stock data. Using these resources, students work in teams to perform security analysis and portfolio management. The Kelly Murray Investment Management Room and the Portfolio Management Program provide UT Martin finance majors with experiential learning opportunities that enhance their knowledge of the art and science of finance.

Students Rob Harrigan, of Amherst, N.H., and Fei Qiao, of Germantown, work on a team project; students attend a business lecture class.
UT Martin has provided Taino Fears-Perez a valuable community service opportunity, which he takes seriously. He is highly involved in the football team’s Pigskin Pals program. “Thirty to 40 players visit a classroom at least twice a month; others personally mentor a child.” Taino chooses to do both as he mentors an elementary school student. “That’s been neat to start with him and to see him progress from making better grades to enjoying school and having a better home life,” he said, adding that the students in the classroom speak to him regularly when they see him in public. “It’s really helped me build a connection with the community, and it makes me think, before I do anything, about how it will look to a child that I know.”

Taino Fears-Perez, Knoxville
Health and Human Performance
UT Martin students designed a residential photovoltaic solar energy system operating under the TVA Green Switch program. 100% of UT Martin engineering graduates have passed the national Fundamentals of Engineering Exam required for licensure. Engineering students have designed more than 20 mobile applications now available for Android and Apple products. The UT Martin Student Members of the American Chemical Society chapter leads the nation for the number of outstanding ratings and Green Chapter designations.

The biology department offers unique summer field courses and research opportunities through affiliations with the Gulf Coast Research Laboratory in Ocean Springs, Miss., and UT Martin’s Reelfoot Lake Environmental Field Station.

Megan Burcham, of Martin, is a senior engineering major and active member of the American Society of Civil Engineers. Of the department of engineering, Burcham said, “Every class has a real-life component that you’re really going to be doing in the industry.” While at UT Martin, Burcham has participated in the Concrete Canoe competition and the Society of Automotive Engineers (SAE) Baja competition. I want to be a mechanical engineer.
Academics

UT Martin is an All-Steinway School, one of only 150 such schools in the world.

UT Martin offered the first dance education teaching option in Tennessee.

UT Martin hosted the 2012 Southeast Journalism Conference.

UTM received the Abraham & Borst Award for Best Overall Radio Station in the nation at the 2012 Intercollegiate Broadcasting System Conference in New York City.

UTM also earned an IBS Platinum Award for the second consecutive year, the highest peer-review level award given annually by the organization.

2011-12 UTM staff members, clockwise from top left: Benita Evans, program director; Josh Lemons, sports/remote director; Chad Brewer, support and development; Bethany Meeks, news director; Joel Flowers, production director; and Tiffany Logan, business and traffic director. Not pictured: Mark Hall, assistant sports/remote director.
In today’s global environment, study abroad can give you an advantage when it comes to future employment or graduate school. UT Martin offers an extensive list of destinations, programs (ranging from 1-2 weeks to an entire semester abroad) and international internships. Recent international destinations include: Australia, Austria, Brazil, Canada, Czech Republic, England, France, Germany, Greece, Italy, Ireland, Japan, Mexico, Morocco, Norway, Poland, South Korea, Spain, Switzerland, Taiwan.

UT Martin faculty and staff take students on approximately 15 travel-study trips each year. In 2012-13, more than $82,000 in SGA awards and scholarships helped 165 students pay for travel study. Programs can be paid for in installments, and professors and staff can help you find additional scholarships. Private funds helped 23 students with more than $10,500 in the 2012-13 school year.

UT Martin maintains partnerships with 11 universities in Canada, Japan, France, Germany, England and Spain, among other countries. Internship placements abroad can be arranged through our partner universities.

The Center for International Education coordinates all travel-study and study-abroad programs for convenient one-stop planning.

I want to teach others.

First-year students must live on campus unless commuting from the home of parents or legal guardians within a 50-mile radius, so we make sure campus living is a positive experience. UT Martin provides a staff of resident directors and advisers who attend to the needs of student residents. Hall associations plan and organize intramurals, social activities, lectures, discussions and hall and campus competitions.

Campus Safety
UT Martin is located in a college community and is among the safest public four-year institutions in Tennessee.

The Department of Public Safety patrols the campus 24 hours a day, 365 days a year.

UT Martin offers an emergency text-messaging system.

Residence halls offer I.D. card access, security cameras and resident assistants.

Emergency phones are located in many areas around campus.

UT Martin has upgraded its lighting system to provide a brighter, safer campus.

Volunteer Community Hospital is located adjacent to the campus.

Air Evac Lifeteam bases an aeromedical helicopter team near the campus in Martin.

Student Recreation Center
Includes four basketball courts that convert into volleyball and badminton courts, a walking/jogging balcony, three racquetball courts, fitness center with state-of-the-art equipment, classroom, multipurpose and aerobics room, locker rooms, equipment checkout space and office suite. Two lobbies provide additional leisure recreational opportunities—pool, ping pong, foosball and much more.

Elam Center
Seven basketball courts with volleyball option, seven racquetball courts, Olympic-sized pool, equipment checkout area, a weight room, indoor walking/jogging balcony and an aerobics room. The 4,800-seat Skyhawk Arena is home to Skyhawk basketball and many special events.

Hardy M. Graham Stadium
The football home of the Skyhawks features about 7,500 seats, modern lighting, a field turf playing surface and the Bob Carroll Football Building.

Fitness Trail
The 1.5-mile fitness trail is convenient to the residence halls and circles Pacer Pond, a favorite spot for relaxing and outdoor recreation.

Intramural Fields and Courts
Lighted intramural fields for football and softball; two soccer fields; a 400-meter track and 16 tennis courts (six lighted).

Skyhawk Park
Includes the Bettye Giles Field (softball) and Skyhawk Baseball Field. Skyhawk Soccer Field is located adjacent to Skyhawk Park.

Computer Labs
State-of-the-art general student-access labs are available in the Paul Meek Library and the Boling University Center. Current software and hardware, PCs and dual-boot Macs are available. Wireless is available throughout campus. Academic departments have specialized computer labs as well.

Paul Meek Library
The single largest educational resource and study space on campus is open 92 hours weekly, and its digital resources are accessible to students at any time. Along with a coffee/snack bar and 24-hour computer lab, it houses study spaces for small groups or individuals, has 120 student-use computers on site, and two walk-up scanners to duplicate digitally for free. The building holds a collection of about a third of a million bound books and another 150,000 e-books. In print and digital database form the library provides access to more than 8,000 scientific or scholarly journals and professional publications. Besides the library portal and its links to digital materials and the catalog (which provides searchable access to the books held by the library), the staff care for two key research resources: Literati, designed for freshman/sophomore students looking for citable data in any subject, and the Library Guides, a group of discipline-based resource pages with links to help research in individual disciplines. The library also houses the J. Houston Gordon Museum, replicas of the offices of Governor Ned R. McWherter and Congressman Ed Jones, Special Collections and the Tennessee K-12 Textbook Depository.

University Center
The Boling University Center includes a game room, computer lab, excellent dining facilities (including Chick-fil-A, Mein Bowl, Southern Tsunami Sushi and Sandella’s Flatbread Cafe) and the 500-seat Watkins Auditorium, home to free SAC (Student Activities Council) movies and popcorn.

The University of Tennessee at Martin is a regional four-year university in the University of Tennessee System. UT Martin is centrally located between Nashville and Memphis, and is just an hour’s drive from Jackson, Tenn., and Jackson, Miss.

The city was founded in 1873 and named in honor of Captain William Martin, a prosperous landowner who settled in the area in 1838. The City of Martin has been a pioneer in the establishment of higher education since 1906. Members of the First Baptist Church, under the leadership of the Rev. J. M. Moody, established the Martin Normal School in Martin, first known as the Martin Institute. It was later merged with the Martin School, which was founded by the Loretto Sisters in 1927. The Martin-Collins Academy was established in 1962, and the Martin School moved to its present location in 1964. The Martin-Collins Academy was designated the University of Tennessee Martin Branch with degree-granting authority in several areas.
