Instructions for registration

DO NOT MISS CLASSES TO REGISTER. If the student cannot register at his/her appointment time, he/she may register any time after the appointment time. If a student decides not to attend in the fall after completing registration, he/she must withdraw within the stated adjustment period to receive a refund of fees.

Web registration will be available 24 hours a day (with limited exceptions) beginning November 9, 2026. Instructions for student web registration are available by clicking on:
http://www.utm.edu/offices-and-services/academic-records/registration-information.php

When registering for classes, remember that off-campus classes have a section number that begins with an alphabetic character. Hybrid courses, which are online courses with a least one mandatory face-to-face meeting, have a section number that begins with Hxx (i.e., H01, H02, etc.). To determine where the class will meet, please check the location code (building or site code). A description of subject codes, building codes, off-site codes, and section codes can be found at: http://www.utm.edu/offices-and-services/academic-records/registration-information.php
